Wonderful Welwyn Garden City (or **Wonderful WGC**) is the public-facing brand for all town centre businesses and was developed by the Welwyn Garden City Business Improvement District (BID) as part of its commitment to creating a strong, recognisable identity for the town.

Designed to work seamlessly across online platforms and printed publications, Wonderful WGC brings the town centre together under one unified brand. It is built around four key concepts that reflect everything Welwyn Garden City has to offer:

Enjoy | Discover | Explore | Celebrate

Together, these ideas showcase the vibrant businesses, experiences and events that make the town centre a great place to visit, shop, dine and spend time.

WHAT IS A BUSINESS IMPROVEMENT DISTRICT (BID)?

Events, markets, flower displays, and festive lights bring Welwyn Garden City town centre to life; many of these are delivered by the Welwyn Garden City Business Improvement District (BID).

Since 2017, the BID has worked with local businesses to invest in events, marketing and improvements that make the town centre a vibrant place to live, work and visit. Funded by businesses and run independently, it represents both national brands and much-loved independents, reinvesting directly back into the town.

In Welwyn Garden City, the BID represents a diverse mix of businesses, from much-loved independents such as **Tens Cuts & Stuff**, **All About Me** and **Crane & Staples**, to well-known national retailers including

John Lewis, Waitrose, Sainsbury's and The Howard Centre.

Working independently from the local council, the BID supports businesses, represents their voice, and helps shape a thriving town centre for residents, visitors and traders alike.

DID YOU KNOW?

2026 marks the end of the BID's second five-year term, when businesses will vote on its future. With local government reorganisation also creating a new unitary authority, the BID's role as a strong local voice is more important than ever. Without it, popular events like the World Food Festival, Christmas Lights Event and Light Trails wouldn't take place.
